Deloitte Digital is a Digital Consulting Agency under Deloitte's Consulting Wing and engages with global clients across a plethora of industries to provide them with next-gen digital transformation solutions. As a Design Lead at Deloitte Digital, my primary responsibilities are to,

- Handle all aspects of design from Discovery to Documentation across multiple engagements, simultaneously.
- Engage frequently with clients to understand their requirements and create a strong foundation for a long lasting relationship.
- Educate client about DesignOPS.
- Drive teams to create and present solutions that are both user, business, and technology centric.
- Ensure timely delivery of quality design solutions.
- Closely collaborate with Leadership, Functional, Development, and Quality Assurance teams to deliver stellar products through consulting.
- Evaluate and guide fellow designers as they progress through their design journeys.
